The Prostate Cancer Foundation of Australia and its' South Australian Board and Support Groups are sincerely grateful for your contribution to SA's *Biggest Sausage Sizzle*.

The teams from National Pharmacies, SAFM and Channel 7 and much of the South Australian public raised almost \$25,000 towards cancer research. We also helped raise the issue of men's health amongst the community with over \$80,000 in airtime on Channel 7 and SAFM, the Vital Health magazine coverage, the website and stores given over to the promotion for over a month.

Your involvement was vital to the success of our Sausage Sizzle and helped make the project memorable and profitable. It's marvelous to be able to count on great South Australian businesses and organisations!

The Prostate Cancer Foundation (SA) operates as a not-for profit organisation and as a consequence of your participation, we can continue to raise funds for 'Research, Awareness and Support' of Prostate Cancer in SA.

Again, on behalf of the PCFA *thankyou* your contribution was much appreciated!

Kind Regards,

Karyn.

*PS: For your information - Prostate cancer is the most common cancer diagnosed in Australia (excluding non-melanoma skin cancers). In 2010 alone, it is estimated that almost 20,000 Australian men were diagnosed with prostate cancer. Tragically, more than 3,300 lost their life to this disease. This is one man every three hours...we are working to save lives and support sufferers and their families.*

*PPS I'd like you to know - you were the biggest individual BBQ fundraiser! Extra fundraising thankyou!*
