**Winter Site Move**

Many of our members will have visited the Market's new winter site last Sunday. The new site was offered to the Market by the Showground as an alternative site for winter until after the Royal Show. The site offers both customers and many of our stall holders shelter from inclement weather and allows the lawn to recover after the recent rains turned the lawn into a muddy field.

Our info stall is now situated just inside the Leader Pavilion. Please ask Julie for a site map if you are having trouble finding your favourite stalls and the new members' stall just inside the Pavilion.

We would also appreciate your feedback on the new site, so feel free to send us an email with your comments to [admin@asfm.org.au](mailto:admin@asfm.org.au)

Don't forget to get your member's card scanned at the member's stall as usual. See below for this week's special offer from the Festival Centre.

**June 24 Masterclass 10am in the Demo Kitchen**

***Simply Chocolate***

Sunday's Market will feature Haigh's chief chocolate taster and quality controller Brendan Somerville.

As quality controller for Haigh's, (how did he get that job!) Brendan is highly qualified to take us through the history, use and processes of making chocolate. This will be an informative and practical session where you will learn the secrets of making chocolate at home with the knowledge of professional technique. And of course there'll be plenty of chocolate to taste and sample!

Our new demo kitchen site is situated at the rear of the Leader Pavilion and for this season of Master Classes there will be no charge. So be sure to be there for the 10am start to ensure a seat for this very special Master Class.
